Memo HW1 CS445

HW1 has been implemented. The Unit testing is at 51%.

- A link to my code repo: https://github.com/mdimitrova769/HW1
- File directory name: HW1-gradle-finalVersion
- Lines of code: around 700
- Lines of code in unit tests;: around 100
- Unit test coverage as measured by the tool of choice in JAVA programming language. Jacoco test coverage 51%.
- The number of hours you needed to get the code working: around 7 hours
- The number of hours you spent preparing your submission: 2 hours
- A list of challenges you faced while working on this assignment and the solutions you found to those challenges:
    - Installing the environment
    - Figuring out how to work with the environment

Recommendations:

It will be great if we have more demos in class.
